Mr. William Goddard, President
Kappa Tau Chapter of Phi Gamma Delta
1836 Fraternity Park Drive
Knoxville, Tennessee

Dear Bill:

I am writing to apprise you of a situation at Tennessee Tech in Cookeville that merits your and Kappa Tau's attention. Apparently, there are a number of local fraternities there which have permission to go "national" after years of effort in this direction. I have sent a note to Steve Edwards and Jerry Solomon, but if I can judge from several years service on the Committee on Charters, there needs to be chapter support, both undergraduate and graduate, to get things going in this area.

It has long been my feeling that nearby chapters can provide strength for one another. In fact, I have observed this in Ohio where we have numerous chapters. With dispersion, your name becomes known and rush becomes a much simpler matter for all the chapters in a particular region.

I hope you will make an effort to investigate the situation personally at Tennessee Tech and try to enlist Knoxville and Cookeville graduate support. I know for a fact that SAE is going in there and I think Fiji should get in on the ground floor, too.

I'll be up for Homecoming. Hope to talk with you then.

Fraternally,

Joseph A. Cecil
